Your audition is the only tool we have to assess your group, therefore please ensure that the quality and content show you at your best!

The following criteria has been established for selecting performance groups to be a part of the Disney Performing Arts OnStage programme.

➤ **DANCE**

- Choreography must last for the duration of an entire track - no shorter than 3 minutes
- Choreography and music choices (lyrics) must be suitable for a family environment
- When creating your choreography, think about the ages and level of your group. Simple and effective choreography wins every time. Don't make it complicated
- Movements should be clean and performed in time to the music
- Keep the lines, spacing and blocking clean
- Groups intending to perform tap, pointe work or acrobatics must showcase these disciplines in their audition material
- Remember to smile and engage with your audience. Most importantly have fun! If your performers are having a great time, then we are going to enjoy watching them
- Please place your video camera close enough so that specific movements of the group can be easily and clearly seen, but far enough to capture the whole group at one time. Please avoid close-ups
- Enjoy it, sell it and shine!

➤ **INSTRUMENTAL AND VOCAL**
